

Experience the excitement of a Harbour, Eco Adventure Day or Sunset Cruise aboard MV Pluto

Built in Malaysia for tendering operations at certain cruise destinations in the Asia-Pacific region, the 31.80 metre MV Pluto passenger craft has a maximum speed of 18 knots and a normal speed of 12 knots. It is ideal for harbour, island and sunset cruises.

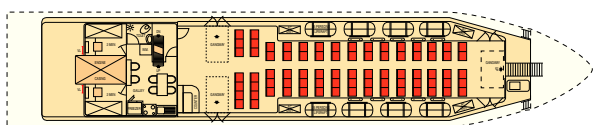

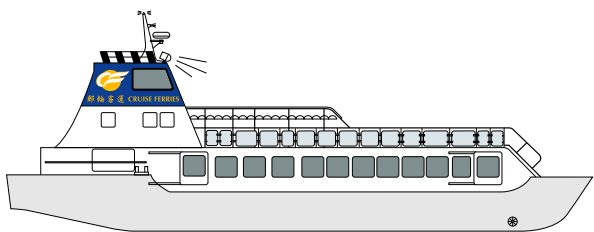

Capable of carrying 230 passengers, it can seat 79 persons on Sun Deck and 151 persons in the air conditioned passenger saloon below. The open Sun Deck affords a nice and breezy cruise with plenty of good photo opportunities. The passenger saloon allows guests to be seated comfortably in a cool and relaxed environment, while taking in the surroundings through the large picture windows.
